The Lighthouse for the Blind Continued Education Scholarship guidelines requires that a student be legally blind to qualify for services.

In the US, the criteria for legal blindness are:

- Visual acuity of 20/200 or worse in the better eye with corrective lenses (20/200 means that a person at 20 feet from an eye chart can see what a person with normal vision can see at 200 feet); or
- Visual field restriction to 20 degrees diameter or less (tunnel vision) in the better eye.

Please check whether this patient is legally blind.
